

BRIEF CITY NEWS

FOR JUSTICE OF THE PEACE AT NACO

C. B. Mabec is the regular republican nominee for justice of the peace of the Naco precinct.

Lyon Birdno leaves for Cananea this morning.

Ben Sneed was an incoming passenger on No. 2 yesterday.

Henry Essenger, wholesale liquor dealer is in Bisbee from Las Vegas, N. M.

Born—To the wife George Dreyer, Tuesday night, October 7th, a son.

Mr. Peirano is gone to Kansas city and "Pard" White pulls the throttle in his place.

Mr. Boles is just up from Mexico on his way to Idaho. He says the chili system does not agree with him.

George Shibley, candidate on the republican ticket for the legislature, will return from California Saturday.

Ben Behrens has returned from the Huachuca, but with regret it must be stated, that his health is in no way improved.

L. Brown, brother of W. M. Brown, who lost his life in the O. D. shaft in Globe some time ago, is in Bisbee on business.

The little child of Mr. and Mrs. Wm. Zent, of Naco, which has been quite ill for several days past, is now convalescing.

Henry Elvey, whose father died a short time ago at Las Vegas, left yesterday morning for Tucson to remain permanently.

"Bob" Johnson, well known in Bisbee, returned from Texas last evening and was around town shaking hands with his friends.

The internal arrangements of the new gymnasium is rapidly assuming form. It is one of the very finest buildings in all Arizona.

Superintendent Merrill, of the Calumet and Arizona, went to Douglas yesterday. Mr. Merrill is just recovering from a spell of sickness.

Attorney Miller has just returned from a three days' visit to the Modern mine. He brings back a sack of samples and a savage appetite.

Rev. Harvey M. Shields is back from Albuquerque, where he was in attendance at the Presbyterian Synod. The Rev. Harvey is looking finer than ever.

A telephone message from Tombstone last night stated that J. J. Bowen and James Howell, democratic candidates, had arrived and taken the town by storm.

James Oney is just in from Wyoming. He says snow was flying properly before he left there. He says further that Wyoming is a great country for copper, timber and water.

F. F. Winter, of the Cananea Herald, was in Bisbee yesterday. Mr. Winter is a fine newspaper man and a model rustler, and a worthy promoter of one of the promising young newspapers on the coast, the Cananea Herald.

The remains of Pearl Revere, the unfortunate girl who died on Monday last, were interred in the cemetery yesterday. Rev. Harvey M. Shields officiating. The body was followed to the grave by the friends of the deceased.

V. H. Igo went to the Huachuca day before yesterday to gather in some frisky livery stock, owned by him in that balmy section. He will be gone about five days. In the meantime Tom Martin will hold his business down below town.

One of the old boys from down on the creek was yanked in by Officer Harrington yesterday for prying up Sheal with a 2x4. Justice Brown in his stern and inflexible style concurred in the opinion of the executive officer. The defendant said he didn't pay a fine, but put up a five dollar William to have the sentence remitted.

An Injured Hand.

Mr. Johnson, the Douglas transfer man, is in Bisbee with a bad hand. The physician deferred operating on it till the case had reached another stage.

To Sprinkle Streets.

A very beautiful scheme is on foot to establish an understanding with

the water company, which will enable the consumer to sprinkle the street in front of his place of business. It is to be hoped that the plan will materialize.

Candidates at Tombstone.

A goodly number of candidates congregated at Tombstone yesterday. They included J. J. Bowen, for supervisor; James Howell, for the assembly; Johnny Mullen, for sheriff; Jos. Muirhead, for treasurer; Peter Johnson, for supervisor; and Dell Lewis, for sheriff.

Foot Racer Wanted.

Geo. B. Reay is still holding the stakes for a foot race between a Bisbeeite and a resident of Naco, that was to have been run at Don Luis on Sunday last. The bet was made and the stakes deposited, but when it came to the scratch the Bisbeeite was absent. George says he will hold the stakes until the race is run.

Joe Mulhatton Here.

Joe Mulhatton, the only and original Joe Mulhatton, was in Bisbee yesterday. By the side of him, Muchausen is not worth mentioning, and Mescal pales into insignificance along with Joe's profound faculty for fabulous prevarications, he has a heart as big as an elephant's and a nature as tender, sensitive and honorable as any man who breathes.

Joe Rhodes Released.

A. C. Bernard, of Cananea, was in the city last evening and informs the Review that Joe Rhodes, an Arizona cowboy, was pardoned a few days ago by the Governor of Sonora, and released from jail at Arispe, where he had been confined for the past six months. Rhodes lost no time in again planting his foot on American soil and was in Naco last week.

Cananea Street Railway.

Grading has been resumed for the Cananea street railway, which will connect Ronquillo and La Mesa. The route was recently decided upon and active work will again be resumed about the 15th inst. The introduction of the street railway at Cananea will be a great convenience, as most of the employees of the company will reside at La Mesa, a mile and a half from Cananea.

The Easter Sunday.

The Easter Sunday is doing well some ways.

The property is four miles down the gulch. It is of an unusually promising character, but a serious misunderstanding has arisen between the owners and the lessees and an injunction is threatened. Walter Smith and Ed West, the latter an old Copper Queen employee, are doing well in that camp. Port Morse and family are running the boarding house. Mr. Ross, the champion double-hand driller from British Columbia, George Thaine and Walter Smith have made recent locations from which they are already taking pay ore. The camp is principally gold and the ore runs high from the grass roots. It is to be hoped that the owners and lessees will be able to adjust their differences without litigation.

The Chiricahua District.

H. D. Buford, a genial and intelligent prospector, is just in from the Chiricahua. He has several claims of his own running high in lead and silver, but predicts that the Copper King will eventually corral the camp when depth has been attained. The Hana mine, Mr. Buford says, is working about fourteen men. That Meyers and Walker are shipping all kinds of ore every week, consisting of lead and silver. That Perry Smith has a very promising prospect in the same locality.

That there is plenty of water and timber in that locality; that the district is known as the Turkey creek, with Gaylon as the center, and that the easiest route to that locality is from Rodeo, on the El Paso and Southwestern, only fourteen miles with a good wagon road.

Mr. Buford says that there are about twenty prospectors in that locality, all working like gophers and that the surface indications are the finest he has ever seen.

The New Fall Shirt Waists

The newest shirt waist for Fall in the field is—and this the surprising part—of cotton. Heavy cotton weaves, such as vestings. Some are heavily fleeced on the inside. Such heavy goods, of course, have to be made very plainly—just a few tucks and large pearl buttons. Perhaps it's this tailored effect that makes them so well liked.

Some very pretty ones are here at \$2.00, \$3.00 and \$3.75.

Would you know some of the new little kinks of fashion in the waists of flannel?

Yokes for one thing, the yoke that was discarded about three years ago. Round Yokes are very new.

Slot seams, some with just the seams, and other with a contrasting color showing through the slot seam.

Shirt waists with strips of self material. One style has straps over the shoulder, military style.

It's the best showing of shirt waists we've had at the start of the season. As we never have more than two or three of a kind, some of the best styles are pretty sure to be picked up.
